Did You Know Series

Date	: 17.10.2024
Task	: Task 5.2
Partner	: University of West Bohemia (UWB)
Author	: Malaga Miroslav, Raška Pavel

Industry 5.0 enables quick adaptation to market trends

The collaborative nature of Industry 5.0 allows for greater flexibility in manufacturing processes. Businesses can adapt quickly to changes in demand, customize products efficiently, and respond to market trends with agility.
